

Letter of DOA Acceptance

FOCA.21J.004

Pursuant the Swiss "Verordnung über die Lufttüchtigkeit von Luftfahrzeugen (VLL SR 748.215.1)" and subject to the conditions specified below, the Federal Office of Civil Aviation (FOCA) hereby accepts:

RUAG AG

Seetalstrasse 175
CH-6032 Emmen

As a DO having demonstrated its capability in accordance with Swiss regulation Art.4 (1,b) VLL for the design of changes to aeronautical products falling under the scope of the VLL, (non EASA products) classified under Annex I to regulation (EU) 2018/1139.

CONDITIONS:

1. The LoA is limited to that specified in the Terms of Approval of the EASA Approval Certificate EASA.21J.760; and
2. This LoA requires compliance with the dedicated procedures specified in the Design Organization Handbook:
 - RUAG AG DOE-EASA.21J.760, in the latest EASA accepted revision, including
 - RUAG AG appendix to DOE, in the latest FOCA accepted revision, and
3. This LoA is valid whilst the accepted design organization remains in compliance with (EC) 748/2012 and amendments, and
4. Subject to compliance with the foregoing conditions, this LoA shall remain valid until surrendered or revoked.

Issue: 03
Date of issue: February 10th, 2022

Gianmario Giacomelli, Director
Head of Safety Division Aircraft

Andreas Boss
